WACHS WORLDWIDE RENTAL EQUIPMENT

Our equipment is thoroughly serviced and tested prior to rental shipment. Each machine is packaged in a durable shipping case and is accompanied with all necessary operating tools as well as instruction manual.

All machines, accessories, tooling and power units are available to support your rental need. Additional, Wachs Special Product Team (SPT) can help with custom machine applications to accommodate your specific cutting requirement.

TERMS: Payment terms are Net 30 days on open accounts, COD, Cash in advance, Letter of Credit or Sight Draft.

Credit Card: Visa, Master Card and American Express are accepted.

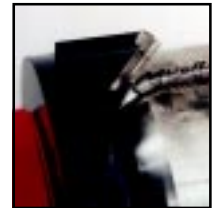

Equipment rental to lease/purchase options

Wachs offers a selection of cost-effective financial options tailored to your specific situation - ranging from short-term rentals to lease/purchase programs that benefit you in the following ways:

- Minimize capital expenditures.
- Eliminate maintenance costs.
- Capitalize on related tax benefits.
- Avoid equipment obsolescence and stocking of spare parts and tooling.

Wachs Tooling

The success of our cutting and beveling machines is shared with the superior performance of our precisely engineered, high strength, quality tooling designed for today's higher speeds, heavier feed rates and exotic materials. Using Wachs tooling assures a precision cut and maximum productivity.

*We have manufactured numerous bits to exact customer specifications....
Ask us to machine your custom tool bits.*
